Profile

I am Zeyad Yehia Hassan, a Multimedia graduate from IAEMS, graduating in 2026 with an Excellent degree with Honors. I am a 3D Artist with a strong interest in Unreal Engine, particularly in Environment Art and Lighting. I have experience working with Maya, Unreal Engine, Adobe Photoshop, and Adobe After Effects, with training in Substance 3D, Houdini, and Marvelous Designer, as well as familiarity with Nuke. I am passionate about creating immersive 3D environments, arranging and lighting scenes, and developing visually engaging experiences in Unreal Engine. I am continuously developing my technical and artistic skills and looking forward to contributing to professional 3D, game, and visualization projects.

EDUCATION

IAEMS (International Academy for Engineering and Media Science)

Sept, 2022 - Jun2026

Bachelor's Degree in Multimedia
